MEMORANDUM FOR: (see distribution attached)

SUBJECT : Commendation

1. During the past several months a number of officials involved in the Strategic Arms Limitation Talks have commented most favorably regarding the high-quality support they have received from the Agency. Typical of these is a recent note of appreciation from Jan Lodal, Director of Program Analysis, National Security Council Staff, for the splendid work in which you participated in preparing Secretary Kissinger for his recent round of SALT discussions in Moscow, and the subsequent analysis of the complicated issues that grew out of these discussions.

2. I want to add my own personal commendation for the role you have played in producing consistently high-quality work, often under the most trying conditions. You can take considerable satisfaction from the fact that the work you do is among the most important accomplished in Washington today. I consider this the personification of the word "professionalism."

NATIONAL SECURITY COUNCIL

Dear Bill,

During the last several weeks, we have requested special assistance from your SALT staff on a number of occasions. Our requests were generated on short notice and required a rapid response. Much of the work was related to our preparation for Secretary Kissinger's SALT discussions in Moscow with the Soviet leadership.

Your SALT Support Staff headed by [redacted] along with key personnel in OWI, OSR and elsewhere in the agency, made an outstanding contribution to our preparations for Secretary Kissinger's visit and to our subsequent analysis of several issues which came up in Moscow. I had the opportunity to review most of the analytical material with the Secretary and he agreed the work was first rate, particularly considering the short time allowed for preparation.

Please convey our thanks to all your personnel involved and express our appreciation for a job well done.

Sincerely,

JAN M. LODAL
